4. First Aid Measures

First aid procedures

Eye contact	Do not rub eyes. In case of contact, immediately flush eyes with large amounts of water, continuing to flush for 15 minutes. If irritation persists get medical attention.
Skin contact	Wash affected areas thoroughly with mild soap and water. Get medical attention if irritation develops or persists.
Inhalation	Move person to fresh air immediately. If symptoms persist, get immediate medical attention.
Ingestion	If material is ingested, immediately contact a physician or poison control center.

5. Fire Fighting Measures

Flammable properties	Combustible liquid. Many liquids are lighter than water. During a fire, irritating and highly toxic gases may be generated by thermal decomposition or combustion. Vapors may travel to a source of ignition and flash back.
Extinguishing media	
Suitable extinguishing media	Dry chemical, CO ₂ , water spray or regular foam. Avoid using a direct stream of water.
Unsuitable extinguishing media	high volume water jet
Specific methods	Do not direct a solid stream of water or foam into hot, burning pools; this may result in frothing and increase fire intensity. Standard procedure for chemical fires. In the event of fire and/or explosion do not breathe fumes. Wear self contained breathing apparatus for fire fighting if necessary.
Hazardous combustion products	Refer to section 10. Oxides of carbon/nitrogen/sulfur, and water.

6. Accidental Release Measures

Personal precautions	Remove all sources of ignition. Avoid contact with skin. Wear appropriate personal protective equipment.
Environmental precautions	Do not let product enter drains. Do not flush into surface water or sanitary sewer system.
Other information	Soak up with inert absorbent material. Use personal protective equipment to minimize exposure to skin and eye. Use spark-proof tools and explosion-proof equipment. Dispose of in compliance with federal, state, and local regulations.

7. Handling and Storage

Handling	Use spark-proof tools and explosion-proof equipment. Keep this product from heat, sparks, or open flame. Avoid contact with skin, eyes and clothing. Keep away from sources of ignition - No smoking. Use with adequate ventilation.
Storage	Keep away from heat, sparks and flame. Keep away from oxidizers. Store at ambient temperature and atmospheric pressure. Keep away from excessive heat or cold.
